

FALL NATURE WALKS

Saturday, October 2
10:30am-12:30pm
***Location: Forest School**

HAWK WATCH

High Park's "Hawk Hill" is one of the finest places to witness the fall raptor migration in the province. We will first explore the Savannah habitat through the eyes of a hawk before meeting up with Hawk

Watcher Don Barnett. At "Hawk Hill" Don will teach us about raptor migration and help us spot some of these thrilling birds. **The Forest School is located 250 meters south of the main entrance off Bloor St.**

Saturday, October 9
1-3 pm

NATURE HIKE IN THE SAVANNAH

Get to know nature in Toronto through the plants and animals of a nationally rare habitat: the Black Oak Savannah. We will explore some of the amazing interactions that take place between these special species and take part in a stewardship activity.

Saturday, October 23
1-3 pm

NATURE HIKE IN THE WOODLANDS

Why do some leaves change colour and fall? How do animals prepare for winter? Why do pine trees keep their needles? We will answer those questions and more while hiking through the woodland trails. Come enjoy beauty of the forest in the fall.

Sunday, October 24
1-3 pm

HIGH PARK TALES

What was it like to grow up in High Park over half a century ago? Join writer and story-teller Austin Repath as he leads us through

the wild corners he explored as a ten year old. Hear stories that took place over 50 years ago in those very spots. Austin will also read from his book "High Park Tales".

Saturday, October 30
Between 6-8 pm

HALLOWEEN HIKE

Explore the spooky side of nature this year at the Nature Centre's "Halloween Hike in High Park". This walk through the woodlands will lead to lots of creepy nature spots to learn the not-so-scary truth about bats, spiders, toads, gnomes and decomposers. **Bring a flashlight.** Costumes are recommended but not required.

High Park Initiatives is a charitable organization that funds the High Park Nature Centre. Your donations help to fund local environmental education.

Sponsored by:

Hikes are not wheelchair or stroller accessible.

NO PRE-REGISTRATION NECESSARY

Location: High Park Nature Centre
430 Parkside Drive
(Parkside Drive & Indian Valley Crescent)
